

# Malcom OPEN HOUSE Announcement October 2007

Malcom Company's Announcement

## OPEN HOUSE

**October 11 & 12, 2007 was a great success!**

We had demonstrations on going throughout both days including: Process heating systems including hot air blowers, heat sources and process heating control systems.

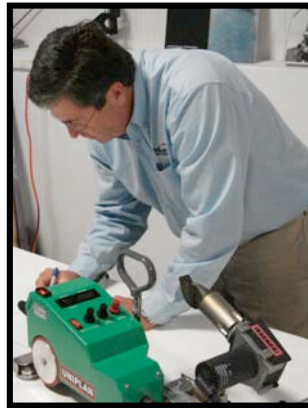

**Process heating area**

**Attendees entered a ticket for a raffle of a Weldy heat gun that was won by Fuller Construction of Newton, MA**

**Demonstrated were welding banners, plastic welding fabrication, battery powered heat guns for shrinking and soldering, battery powered soldering irons and a wide assortment of heat guns and stainless nozzles used to precisely direct the airflow from the heat guns.**

**Electrofusion  
Pipe welding area**

**Plastic welding with hand  
held heat guns area**

The Malcom Company Team would like to  
thank all who attended.

See you next year!
