Hand tool
TRIAC BT

The TRIAC BT fulfills all of the functionality and design requirements necessary for successful welding of linoleum and PVC flooring. Weighing just one kilogram, it is the lightest in its class and is made from high-quality material. Every TRIAC BT kit undergoes stringent quality checks before leaving the factory in Switzerland. The sturdy tool box includes everything an expert technician requires.

Temperature setting:
Convenient and reliable temperature adjustment

Accidental start-up protection:
The temperature adjustment becomes illuminated if the power to the tool is interrupted

Filter:
The fine mesh air filter prevents dirt from clogging the air inlet of the tool

Nozzle:
Extra strong integral 0.2 inch universal nozzle

Filter cleaning:
The air filters on both sides can be easily removed and cleaned

Spare heating element:
Protected, packed in a box and within easy reach

Tool handle: Ergonomically designed handle with soft grip covering for a secure hold

Tool box:
Enough space for all the accessories the professional needs
